

FUN WITH BALLOONS!

Have you ever thought about adding balloon twisting to your repertoire? Well, now is the time at Paintertainment.com! I started learning balloon twisting last summer, and it has proven to be a fantastic addition to my business offerings! As I've grown in my twisting endeavors, so has our shop. We've not only expanded our balloon section, but have added many brand new products!

This winter we've launched our newest exclusive product: Pocket Balloon Design Menu Cards! These little design menu cards fit right in your balloon kit and are laminated for durability. Don't like our menu designs? We now offer an option to design your own balloon menu, using our stock images and/or your own photos!
